PharmD, BCNSP, CNSC

The American Society for Parenteral and Enteral Nutrition (ASPEN) is a scientific society whose members are healthcare professionals—physicians, dietitians, nurses, pharmacists, other allied health professionals, and researchers—dedicated to ensuring that every patient receives safe, efficacious, and high-quality patient care.

ASPEN’s mission is to improve patient care by advancing the science and practice of clinical nutrition and metabolism.

NOTE: This publication is designed to provide accurate authoritative information with regard to the subject matter covered. It is sold with the understanding that the publisher is not engaged in rendering medical or other professional advice. Trademarked commercial product names are used only for education purposes and do not constitute endorsement by ASPEN.

This publication does not constitute medical or professional advice, and should not be taken as such. To the extent the information published herein may be used to assist in the care of patients, this is the result of the sole professional judgment of the attending health professional whose judgment is the primary component of quality medical care. The information presented herein is not a substitute for the exercise of such judgment by the health professional.

Preface

We are pleased to present the second edition of the *ASPEN Enteral Nutrition Handbook*, a comprehensive guide with up-to-date, specific information on how to safely, effectively, and confidently care for patients receiving enteral nutrition (EN). Like its predecessor, this new edition features best-practice recommendations based on the most current research and provides a wide variety of practical tools and tips to save time and elevate the quality of care.

This edition has been completely revised to reflect the many recent advancements in the science and practice of EN therapy. For example, you will find guidance on using ENFit[®] devices for tube feeding and medication administration, coverage of the indicators of malnutrition in adult and pediatric patients, and the latest recommendations regarding the use of specialty formulas and blenderized tube feedings. There is a new chapter focused on

the preparation, labeling, and dispensing of EN, and this edition has divided the discussion of adult and pediatric/infant formulas into separate chapters.

The content in this handbook is aligned with ASPEN's evidence-based guidelines, core curriculum, practice recommendations, and standards. The book is an invaluable resource for students and trainees in dietetics, medicine, nursing, and pharmacy. Its "pocket guide" format and easy-to-follow clinical information will appeal to everyone from the novice to the advanced practitioner.

We thank the many contributors and reviewers who shared their knowledge, analysis of the literature, and clinical expertise in the area of EN support. It is our hope that this handbook improves the ordering, administration and safety of EN support to patients.

Ainsley Malone, MS, RD, LD, CNSC, FAND, FASPEN

Liesje Nieman Carney, RD, CSP, LDN

Amy Long Carrera, MS, RD, CNSC, CWCMS

Andrew Mays, PharmD, BCNSP, CNSC

Editors, Contributors, and Reviewers

Editors

Ainsley Malone, MS, RD, LD, CNSC, FAND, FASPEN
Clinical Practice Specialist
The American Society for Parenteral and Enteral Nutrition
Nutrition Support Dietitian
Mt. Carmel West Hospital
Columbus, OH

Liesje Nieman Carney, RD, CSP, LDN
Clinical Dietitian IV, Publication Specialist
Children's Hospital of Philadelphia
Philadelphia, PA

Amy Long Carrera, MS, RD, CNSC, CWCMS
Lead Clinical Dietitian
Pacifica Hospital of the Valley
Los Angeles, CA

Andrew Mays, PharmD, BCNSP, CNSC
Clinical Pharmacy Specialist–Nutrition Support
University of Mississippi Medical Center
Jackson, MS

Contributors

Phil Ayers, PharmD, BCNSP, FASHP
Chief, Clinical Pharmacy Services, Mississippi Baptist
Medical Center
Clinical Associate Professor, University of Mississippi
School of Pharmacy
Jackson, MS

Lillian Harvey Banchik, MD, FACS, CNSC, FASPEN
North Shore University Hospital, Manhasset, NY
Assistant Clinical Professor, Donald and Barbara Zucker
School of Medicine at Hofstra/Northwell
Long Island, NY

Sarah Ann Borowicz, MS, RDN, LDN
Clinical Pediatric Dietitian
Children's Hospital of Philadelphia
Philadelphia, PA

Kelly Green Corkins, MS, RD-AP, CSP, LDN, FAND
Pediatric/CVICU Clinical Dietitian III
Department of Nutrition Therapy, Le Bonheur Children's
Hospital
Memphis, TN

Wendy Cruse, MMSc, RDN, CSPCC, CLS, CD
Pediatric/NICU Clinical Dietitian Senior
Riley Hospital for Children at Indiana University Health
Indianapolis, IN
