

SAGE Society Member User Activation

There are two steps for activating society member access on the SAGE Journals platform: first, each society member needs to register for a 'My Account,' after which society member access can be activated through the account.

1) Registering 'My Account'

Please go to <http://journals.sagepub.com/action/requestResetPassword> and enter your email address associated with your membership in the tab to request a password for your account. You will receive an email with a link to set a password.

2) Activating society membership access

Once you are logged into your account, please select the 'Society Member Access' tab. Here, you can select your society from the dropdown-menu, and add your membership number to activate your access.
