

June 8, 2021

Dear Valued Customer,

We have secured inventory of INFUVITE Single dose that will enable us to temporarily increase our current allocation to 100% for a few weeks. This change to 100% allocation is effective immediately and is contingent on the ability of our third-party manufacturer to continue to supply INFUVITE Single dose. We expect to return to 75% allocation by the end of August. Please see Table A for updated allocation limits.

Table A

Group allocation levels are based on your total single dose, plus bulk package demand, calculated based on your historical (June 2020 – November 2020) usage of total INFUVITE. Please note that if you purchase through a wholesaler, the application of these allocation limits may vary by wholesaler.

For your reference, ASPEN's 2020 Parenteral Nutrition Multivitamin Product Shortage Considerations has been developed to assist clinicians in addressing PN shortages for their patients. These parenteral multivitamin product shortage considerations were approved by the ASPEN Clinical Practice Committee and the Board of Directors and can be accessed at www.nutritioncare.org or by clicking [HERE](#).

We recognize the importance of supply continuity in patient care and we are doing all that we can to work with our third-party supplier to resolve the shortage. We are exploring all options to address this situation and are in communication with the FDA. We are committed to transparently and proactively communicating any changes in supply to you. In the meantime, to ensure you have the information you need readily available, please visit the [Supply Resources](https://ushospitalproducts.baxter.com/baxter-supply-resources) (<https://ushospitalproducts.baxter.com/baxter-supply-resources>) page on our website and download our Supply Availability Report to access the latest information on product supply. Please contact your Baxter representative or the Center for Service at 1-800-229-0001 with any questions.

Sincerely,

Kaleem A Qureshi
