SPEAKERS AND PLANNERS WITH COMMERCIAL DISCLOSURES
(Speakers Including Discussion of Off-Label Use of a Product are Denoted with an Asterisk *)

The following individuals in the educational process **have one or more relationships with commercial interests** to disclose. ASPEN assumes that any relationship with a commercial interest has the potential to create a conflict of interest and takes steps to resolve those conflicts.

Key for methods of conflict resolution

- A. Conflict resolved through peer review methodology
- B. Conflict resolved through altering the topic so that it does not include practice recommendations, but addresses only the evidence-based science.
- C. Conflict resolved through included practice recommendations being based on formal structured review of literature and must state inclusion and exclusion criteria
- D. Conflict resolved from individual voluntarily not taking part in the planning of a particular educational activity
- E. Conflict resolved through individual altering the topic so that the focus is not on a product or service of the commercial interest with whom I have a relationship
