

## Continuing Education (CE) Information

### Conference Goals and Target Audience

The ASPEN Nutrition Science & Practice Conference is designed for dietitians, nurses, physicians, pharmacists, researchers, and others who practice the sciences of clinical nutrition and metabolism. The conference provides nutrition support professionals with current and cutting-edge information in the field of nutrition support, clinical nutrition, and metabolism.

### Conference Objectives

Upon conclusion of the conference, attendees will be able to:

- Challenge current clinical practices
- Integrate evidence-based updates into practice
- Reflect on the implications of current research
- Identify gaps in knowledge that require further education and training
- Identify gaps in the knowledge base of their team that require further education and training

### Learning Levels

To assist in selecting sessions that are most appropriate for you, each session will be identified by learning level on the ASPEN website at [www.nutritioncare.org/conference](http://www.nutritioncare.org/conference)

- **Basic:** Assumes little or no prior knowledge of areas covered. The basic session is aimed toward individuals building a foundation for competent practice.
- **Intermediate:** Assumes a general knowledge of the literature and clinical practice within the areas covered. Intermediate sessions are aimed toward individuals wishing to expand their skills and knowledge base.
- **Advanced:** Assumes thorough knowledge of the literature and clinical practice within the areas covered. Advanced sessions are aimed toward individuals seeking a synthesis of recent advances and future directions.

### Successful Completion

ASPEN provides CE credit to physicians, nurses, pharmacists, and dietitians who attend in full each session claimed for credit and complete the program evaluation process within the electronic CE system in ASPEN's eLearning Center, [www.nutritioncare.org/elearning](http://www.nutritioncare.org/elearning). Registered conference participants will need to login using their ASPEN credentials to gain access to the conference evaluations in the eLearning Center.

### International Participants

Participant feedback is essential in the continued improvement of ASPEN's educational programs, including the annual conference. International participants are encouraged to use the electronic system to submit evaluations for the sessions attended and the overall conference. Through the electronic system, detailed documentation of the sessions attended at the conference will be provided in a transcript.

### In Person and Virtual Conference Participation

ASPEN24 is a conference presented live and in real-time to both in-person and virtual attendees. Both in-person and virtual attendees can ask questions and interact with speakers. All participants must follow all processes for successful completion and all accreditation guidelines apply.

- Presented by: signifies that a chapter or section within ASPEN is presenting the session. For example: “Presented by the ASPEN Ibero Latin American Section (ILAS)”. All sessions presented by an ASPEN chapter or section were reviewed and approved by the ASPEN Conference Program Committee.
- Supported by/supported in part by: signifies that an organization or commercial entity outside ASPEN has provided financial resources such as an unrestricted educational grant for the session. For example: “Supported in part by Nutrition Company X” or “Supported by Nutrition Company X”.

## Physician Preconference Course: Comprehensive Nutritional Therapy – Tactical Approaches in 2024

This course is designed to stimulate interest of nutrition in young physicians and demonstrate its importance to patient outcomes. Each session will start with a case presentation and end with a discussion of the case by the expert speakers followed by an interactive question and answer session.

### Course Practice Gap and Goal Target Audience:

The inadequacy of medical nutrition education has been studied for at least the last 2 decades and despite numerous efforts to improve nutrition education for physicians, most graduating medical students continue to rate their nutrition preparation as inadequate. This course will attempt to address this gap in nutrition education in medical training.

### Target Audience:

Medical students, residents, fellows and practicing physicians who are not currently nutrition experts. The course is open to other medical professionals such as dietitians, pharmacists, and nurses.

This program is designed at the intermediate learning level.

**Successful Completion:** ASPEN provides continuing education credit to physicians who attend **in full** each session claimed for credit and complete the program evaluation in ASPEN's eLearning center.
