

**ASPEN 2024 Nutrition Science & Practice Conference  
Faculty and Planner Disclosure Information**

ASPEN provides continuing education to physicians, pharmacists, nurses, and dietitians. In support of improving patient care, The American Society for Parenteral and Enteral Nutrition (ASPEN) is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team. ASPEN adheres to the ACCME's Standards for Integrity and Independence in Accredited Continuing Education to ensure that all educational programs are balanced, evidence-based, and free from commercial influence. In compliance with these requirements, ASPEN must obtain and report disclosures of any relationships with ineligible companies from all participants in the educational process, which may include but is not limited to authors, moderators, speakers, planners, and committee members.

Please note that individuals may serve in different roles at different points in time for the conference, therefore it is possible that their disclosure information changes over the course of time and is subsequently reported specific to the role and the timing of that role. This may result in different information showing, for example as a planning committee member there is nothing to disclose, however in the months between planning and speaking an individual develops a relationship with an ineligible company. This relationship is subsequently reported for the role of speaker.

ASPEN staff involved with conference programming have nothing to disclose.

*Definition: Ineligible companies are organizations that are not eligible for accreditation. Ineligible companies are those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. These organizations were referred to as commercial interests in the Standards for Commercial Support.*

### **SPEAKERS AND PLANNERS WITH COMMERCIAL DISCLOSURES**

**(Speakers Including Discussion of Off-Label Use of a Product are Denoted with an Asterisk \*)**

The following individuals in the educational process **have one or more relationships with an ineligible company** to disclose. ASPEN assumes that any relationship with an ineligible company has the potential to create a conflict of and takes steps to mitigate those relationships.

#### *Key for methods of mitigation*

- A. **Divest** the financial relationship
- B. **Recusal** from controlling aspects of planning and content with which there is a financial relationship
- C. **Peer review** of planning decisions by persons without relevant financial relationships
- D. **Peer review** of content by persons without relevant financial relationships
- E. Attest that clinical recommendations are **evidence-based** and **free of commercial bias** (e.g. peer-reviewed literature, adhering to evidence-based practice guidelines)
