While the impressive data from the Value Project benefits Medicare and other payers, our team has analyzed similar outcomes in our institution. Based on last year's fiscal data, we identified that our greatest opportunity is in _____ since our institution was either cited/financially penalized by CMS and/or may have received a low grade on the public reporting by Leapfrog on this particular outcome.

We scrutinized our data with the assistance of our transdisciplinary analysis team and concluded that had we found _____, the institution would have saved \$_____.

In order to optimize our outcomes, we are requesting the following: *(Pick ones that apply)*

- Approval to move forward
- People – Redistribute certain full time employees – do not anticipate having to add new ones
- Affiliation with other institutions in the system or academic institutions to decrease any financial burden
- Subscriptions, travel, memberships, educational opportunities
- Other _____
